Formed a Consortium of Civil Society Organizations, called VIKASH-SAMUKHYA that covers 25 States & 3 Union Territories of India working on 17 Sustainable Development Goals by involving young people and other development partners of the country. We have done well in health (SRHR) but could not do much in education, environment and economic development. The problem is convergence of all actors and required funding and capacity building.

Q13

Agree

To what extent do you believe your organization's work reflects the definitions and principles of the Statement?

Q14

Where is your organization making the most progress? Provide an example.

AIHMS-Global & VIKASH-SAMUKHYA conceptualized and published a monthly e-newsletter, PARTNERS PAGE that showcased the achievements of our CSO Partners in different SDGs and make it reach all national/international donors including UN agencies, WHO, governments, private foundations, corporate houses, etc. This had helped a lot of organizations in finding new scope of work and additional avenues of growth in new geographical areas. We were most successful in providing meaningful community engagement initiatives during the difficult times of COVID-19 since last 4-5 months.
