Q12

Please describe how your organization is implementing MAYE (no more than 350 words). Where have you done well, and why? Where are you struggling most, and why?

Our organization has made youth involvement centre stage in our advocacy thrusts in the country especially for family planning. Every two years we organize our national family planning conference. In this outing we bring together experts, govt. officials, NGOS, states and other MDAs in the government apart from the FMOH. Other major stakeholders in the health sector are also involved. Within the the structure of the conference we make sure they have a pre conference meeting which is youth led and they bring the outcomes of their conversations to the main conference for deliberation and consideration. This way we have made sure that their worries, concerns and inputs are brought to bear in the program strategies and policy thrusts. In terms of making sure that there is a good service delivery structures on ground for them to get services we could have done a lot more and better. I have tagged them the "very visible but hard to reach" because of religious and cultural barriers.
