**Q12**

Please describe how your organization is implementing MAYE (no more than 350 words). Where have you done well, and why? Where are you struggling most, and why?

In general, I would say our organisation lives with most of the principles of MAYE. We try to create a free space, where young people can grow and develop their skills in research, advocacy and project development.

The area we would like to improve is ensuring more equity for women and disadvantaged young people.

In inviting different kinds of people of different backgrounds. We used to be a network of organisations more specialised in health topics, however, we are opening up to youth organisations that do not have "health" very high on the agenda. Additionally, we are making steps to open up to other geographical areas and thus provide more opportunities for the global community.
